

SANITIZED AUTOADJUSTABLE BOOTEES

Description

Anti-decubitus and anti-allergic bootee specially designed for patients with mobility problems.

Effects and advantages

Allows you to move your feet in bed without them slipping out of their sockets.

Composition

It is made of pleasant suapel (60% polyester and 40% acrylic) on the inside and 100% lycra on the outside so that it adapts perfectly to the shape of each patient's feet, since it is a standard size.

Dimensions

Universal.

Maintenance

Hand wash with cold water and non-abrasive products. In case of machine washing, it is recommended to use programmes for delicate garments and without spin-drying.

Warranty

The warranty period is 2 years. The warranty does not cover normal wear and tear of the product and does not replace statutory warranties. Please contact the company's quality department in the event of an incident in order to resolve it.

Product life span 1 year.
