

## ORTHOPEDIC KNEE PILLOW

### Description

Orthopedic knee pillow.

### Effects and advantages

Relieves problems of sciatica, bursitis, hips, joints, back pain and discomfort during pregnancy. It favors rest and makes it easier to sleep on your side.

It is removable to be able to wash more comfortably.

### Composition

High quality flexible foam core with bamboo cover (30% bamboo and 70% polyester).

### Dimensions

28x21x8-15cm.

Width x depth x height.

8cm inside area, 15cm outside area.

### Maintenance

Wash by hand or machine at a maximum temperature of 30°C.

Do not use bleach.

Iron at low temperature.

Tumble dry low.

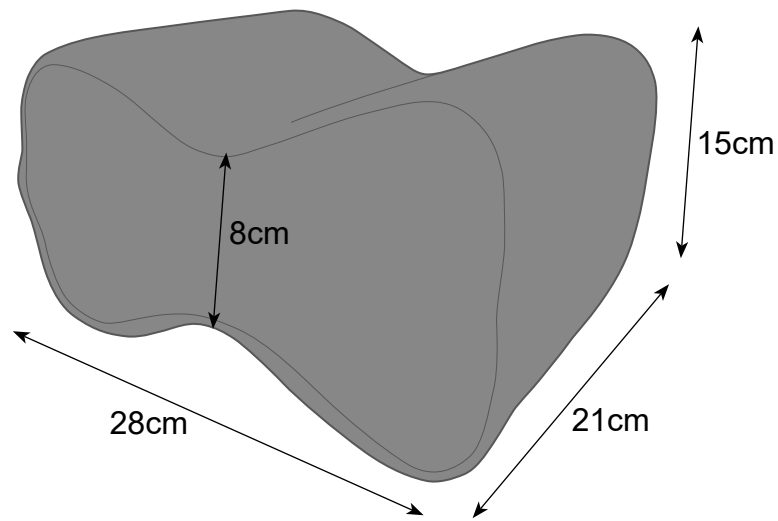

### Warranty

The warranty period for all cushions except Liquid Float and Silicone is two years from the date of purchase of the cushion. Liquid

Flotation and Silicone cushions have a 3-month warranty. This warranty does not cover normal wear and tear of the product and does not replace legal warranties. Please contact the quality department of the company in case of incident to resolve it.
