

## BREATHABLE MITTEN BUCKLE CLOSURE (UNIT)

### Description

Breathable padded mitten with buckle fastening.

### Effects and advantages

Breathable padded mitten with buckle closure to prevent the user from removing it. Especially for patients who use the denture to remove the mitten.

Fully adjustable to prevent removal.

Universal size. Quantity: unit.

### Composition

Bamboo fabric on the inside of the hand for breathability.

On the upper part of the hand, breathable fabric.

Filled with siliconised hollow curly fibre.

Buckle fastening, adjusts with pin.

### Dimensions

29x16cm

### Maintenance

Wash by hand or machine with neutral detergent at 30°C and without spin-drying. Tumble dry at reduced temperature. Do not iron. Do not bleach.

### Warranty

The warranty period is 2 years. It starts from the date of purchase from the dealer. The warranty does not cover normal wear and tear

of the product and does not replace statutory warranties. Please contact the company's quality department in the event of an incident in order to resolve it.
