

LIFTING SLING WITH HEAD RESTRAINT

Description

Lifting sling with head restraint.

Effects and benefits

Helps to incorporate and / or transfer the patient. This model has a headrest for a more comfortable transfer and also 6 straps with handles to speed up the grip on the lift.

Composition

100% polyester.

Polypropylene webbing and handles.

Dimensions

Universal.

Maintenance

Regular hand or machine washing at a maximum temperature of 40°C is sufficient. Dry in a horizontal position without exposing to heat sources.

Warranty

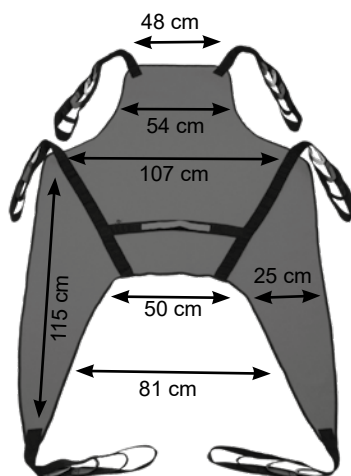

The warranty period is two years from the date of purchase. This warranty does not cover normal wear and tear of the product and does

not replace legal warranties. Please contact the company's quality department in the event of an incident in order to resolve it.
