

TRADICIONAL CRANIAL PROTECTION HELMET

Description

Traditional style head protection helmets.

Effects and advantages

In situations where there is a risk of falling due to any illness, the use of head protection helmets is recommended in order to avoid contusions and major problems in the head area.

Composition

- Standard: Breathable foam padding, internal terry lining and honeycomb lining. Features chin strap and adaptable closure.
- Neoprene: Neoprene covered with padded fabric. Features chin harness and adaptable closure.

Dimensions

According to reference.

Maintenance

Hand or machine wash with non-abrasive products at a maximum temperature of 30°C for the neoprene model and a maximum of 40°C

for the standard model.

Do not dry clean.

Do not bleach.

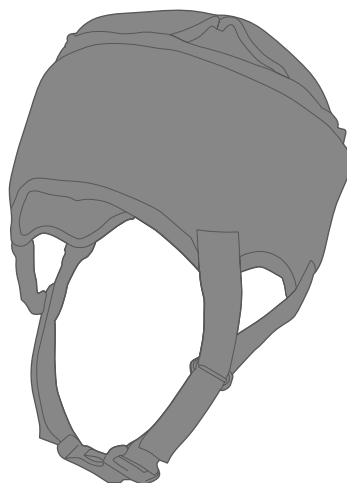

Do not iron.

Can be tumble dried.

Warranty

The warranty period is two years from the date of purchase. This warranty does not cover normal wear and tear of the product and does not replace legal warranties. Please contact the company's quality department in the event of an incident in order to resolve it.
